

## Professional Bio: Barry Brinson

Barry Brinson is President and CEO of Vision Software Solutions, a Charleston, SC based software company he founded in 2000. He has worked in the software industry for over 20 years in various roles including programming, business analyst, customer support, system implementation, product training, and product management. Prior to entering the technology sector Barry worked for the Department of Defense at the Charleston Naval Shipyard.

Barry serves as an elder at Two Rivers PCA Church in North Charleston. He has also served on the Charleston Leadership Team for Jobs for Life, a biblically-based training program with a goal to equip men and women for meaningful work. Barry has been involved with Jobs for Life for over five years as an instructor, mentor, and Leadership Team member.

Barry has a BS degree in Computer Science Information Systems from the College of Charleston.
